Old Business

Richard talked about still wanting to attract members of other clubs to come to our events. Ideally a "coordinator" would be appointed from our club to arrange to meet with other clubs.

New Business

Richard motioned that we increase fees from \$5 across the board for all entrants. At present, we need at least 40 cars to break even. This motion received a 2nd from Jason.

We need to order more cones. Richard motioned that we allocate \$500 to buy more. This motion received a motion from Andrew.

The Spokes car club is having a car show (not autocross) at the Tennessee Baptist Children's Home on April 23, 2005. Our club may want to set up a booth there.

It seems that worker station #2 needs more workers. The slalom is usually spread thin with workers, so it needs an additional radio and a total of 4 workers so that cones can be picked up in a timely manner.

Allen motioned to adjourn at 7:50PM
