

TRSCCA Meeting Minutes
February 2010

The meeting was called to order at 7:00 p.m.

Secretary's Report: January 2010 meeting minutes were presented by Janet.

Motion to accept: Han
2nd: Doug

Treasurer's Report: Given by Nick

Checking: \$2,324.05
Savings: \$22,975.14

Motion to accept: Doug
2nd: Arnold

RE Report: No news to report.

Competition Report: Given by Han

Applications for most events have been turned in. We have received approval from the District Safety Steward for events at Twin Fountains and on the track at the Superspeedway. A course design has been completed for Twin Fountains, and the design for the first event on the track has been completed. We need a course chair for the second track event.

Supplies have been ordered from the SCCA: rule books, forms, & armbands. The trailer has been straightened up and the truck started. Arnold & Han will get together to work on setting up the cables and wireless router. The cones still need to be gone through. We have masking tape and colored dots. We will test the laptop to use as a timing display.

Han has drawn up a contract for the Z Car Club event – Richard will review it.

Rallycross Report: No report.

Motion to accept: Arnold
2nd: Doug

Old Business:

None.

New Business:

A Street Survival event is planned for the 2nd or 3rd week of May on a Saturday at the Superspeedway. Instructors and cone chasers are needed. Doug made a motion that

the club offer one free event for volunteers. Richard seconded the motion, which passed unanimously.

Pre-registration for the events on the track was discussed so that our regular members would be assured of getting a spot. Doug and Richard made a motion to raise the entry fee for the track events by \$10 and cap participation at 100 entrants, with money being donated to the Nashville Mission. Han seconded the motion, which passed unanimously.

We will schedule a trailer work day and post info on the website. We still need an antenna for the radio transmitter.

Motion to adjourn at 7:32 p.m.: Doug
2nd: Han
