A discussion was held about possible alternate sites for events. The Lebanon airport has a large parking lot that is never used, but we may have difficulty getting approval to hold events there since it's an active airport site. Music City drag strip and the Bellevue mall were also mentioned as possible sites. Richard encouraged anyone with an idea about a potential site to contact the site owner and discuss the possibility of holding events there.

The last event had 42 entries and people thought it was a good course design. The OktoberFast event is coming up.
